

Project Sheet

City Hall Renovation City of Cedar Park

CLIENT

City of Cedar Park

LOCATION

Cedar Park, TX

ROLE

Project Representative

COST/SIZE

\$2.26 Million

The City of Cedar Park selected ECM as the Project Representative for the City Hall Buildings 1 and 2 and Municipal Court Renovation services. Portions of City Hall Buildings 1 and 2 were renovated in order to accommodate department relocations, which were completed in multiple phases. Additionally, finish upgrades such as new carpet, paint, and base occurred throughout both buildings. Exterior scope of work for building 1 included a new canopy and landscaping for the main entry.

As Project Representatives, ECM personnel provided inspection services, oversight of the project and coordinating the work of the Owner, Consultant (s), contractors, utility companies, and other stakeholders on the project. Additional services included daily inspections and observation, project representation, review of quality assurance testing, identification of deficiencies and design conflicts, and coordination with design architect and engineers, contractor's representatives and project managers.
