### CLIENT

Mahle Inc

### LOCATION

Ramos Arizpe, Mexico

### ROLE

Construction Management

Mahle is a leading international development partner and supplier to the automotive industry focusing on the combustion engine

ECM assisted Mahle, Inc. with construction management services on the new manufacturing facility. ECM's creative work with the contractor resulted in savings of over \$1 million. Special considerations included the installation of a central flume system to recycle scrap material. In addition, ECM coordinated the design and construction of a wastewater treatment facility, which includes an oxidation pond for Mahle's industrial discharges

ECM's construction management services included design review, value engineering, construction scheduling, quality control, cost control, construction inspection, and final acceptance..
