

# Project Sheet

## Transit Terminals City of El Paso - Sun Metro Department

### CLIENT

City of El Paso - Sun Metro  
Department

### LOCATION

El Paso, TX

### ROLE

Project Management

### COST/SIZE

\$21 Million

Sun Metro selected ECM to assist them with four transit terminals located throughout the city. ECM provided cost estimate review, utility coordination, team and contractor coordination and complete construction management services.

The \$11 million Glory Road Transfer Center and Parking Garage has 436 parking spaces in seven levels, bus stop bays, waiting areas, offices, public restrooms, retail space and landscape areas.

The \$4 million Sun Metro Downtown Transfer center included 6,000 SF terminal building, 17 bus stops, public parking lot, restaurant, art sculpture, Wi Fi, and security cameras.

The \$4 million Mission Valley Transfer Station included 3,300 SF terminal buildings with restrooms, offices and snack bar area, 7 bus stops bays, and public parking areas.

The \$2 million Westside Transit Terminal consisted of a 3,500 SF building with waiting areas, concessionaire space, offices, restrooms, 7 bus bays, and 175 spaces parking lot.
