

## Wastewater Field Office Rehabilitation El Paso Water

### CLIENT

El Paso Water

### LOCATION

El Paso, TX

### ROLE

Project Management

### COST/SIZE

\$1.7 Million

El Paso Water awarded ECM the Wastewater Field Office Rehabilitation as part of 2020 On-Call Construction Management Service Program with El Paso Water. The project consists of a new one-story maintenance and administration building of 4,468 SF housing a conference/breakroom area, locker rooms, administration areas, offices, and storage areas. The project scope included a stormwater pond and piping, landscaping, electrical and HVAC, and fencing.

ECM, acting as an owner representative, provided construction management services. ECM's services include monthly progress reports, document control through Procore, weekly construction meetings and minutes, reviewing technical specifications, and regular site visits. ECM staff also perform schedule management, submittals, inspection services, material testing oversight, team coordination and review of RFIs, pay application, and change orders.
